

SAHAN PASINDU (IT UNDERGRADUATE)

Colombo, Sri Lanka | lpasindum1720@gmail.com | +94 75 4465503 | [Sahan Pasindu](#) | [GitHub](#) | [Portfolio](#)

SUMMARY

Undergraduate in Information Technology at the University of Kelaniya with a strong interest in UI/UX design and frontend development. Skilled in designing user-centered interfaces and building responsive web applications using Figma, HTML, CSS, JavaScript, and React.js. Experienced in developing university and personal projects with a strong focus on usability, interaction design, and clean visual layouts, while integrating backend services using Node.js and MySQL. Highly motivated to create intuitive, scalable digital experiences.

EDUCATION

Bachelor of Science Honours in Information Technology March 2024 - Present
University of Kelaniya

G.C.E. Advanced Level 2022
Combined Mathematics – B | Physics – C | Chemistry – B

PROJECTS

Inventory Management System [↗](#) June 2025 - Present
Individually developed a real client full-stack inventory management system for Liyanage Motors

- Database-driven inventory management system for handling spare parts inventory, product reservations, sales tracking, and user management operations.
- Designed and implemented intuitive admin and customer dashboards with responsive layouts and clear information hierarchy. Conducted UI structuring for inventory visualization and optimized user workflows for product reservation and stock management.
- Integrated REST APIs using Node.js and Express.js for dynamic data handling.
- Technologies used: **Figma, Node.js, Express.js, React.js, MySQL**

AI-Based Science Learning System group project [↗](#) Nov 2025 - Jan 2026
AI-powered adaptive learning system that generates science content and quizzes based on student interactions and performance.

- Applied Natural Language Processing (NLP) techniques to analyze student inputs and implemented adaptive learning features for personalized quiz generation and recommendations. Developed Flask-based backend APIs and integrated SQLite database for interaction logging and performance tracking.
- Designed adaptive quiz interface
- Created student-friendly content interaction screens
- Technologies used: **Python, Flask, SQLite, NLP, Gemini API**

Simple Game Development Project [↗](#) Sep 2022 - May 2023

Developed a console-based C++ game as a group project.

- Technologies used: **C++**

Web Based Auth System [↗](#)

July 2025 - Aug 2025

Developed a secure authentication system using Node.js, Express.js, and MongoDB.

- Including user registration, login, email verification, and password reset functionality. Implemented JWT-based authentication, password hashing, protected routes, and token validation mechanisms.
- Technologies used: **Node.js, Express.js, MongoDB, Handlebars, JavaScript**

Distributed File Storage System [↗](#)

Dec 2025 - Jan 2026

Real-time distributed file storage platform supporting secure upload, download, and management with replicated object storage.

- Technologies used: **Node.js, Express.js, React.js, MinIO, etcd, Docker**
- Designed file management dashboard
- Built responsive upload/download interface
- Focused on clarity in file navigation UX

SKILLS

UI/UX & Frontend	Figma, Wireframing, Prototyping, Responsive Web Design, User Flows, Information Architecture (Basic), HTML, CSS, JavaScript, React.js
Backend & Application Development	Node.js, Express.js, REST API Development, JWT Authentication, RBAC
Databases	MongoDB, MySQL, SQL
Programming Languages	JavaScript, C++, Java (Basic), Python (Basic)
Tools & Version Control	Git, GitHub, Postman, Docker (Basic)

CERTIFICATES

Python for Beginners	April 2025	Agentblazer course Certificate	October 2025
• University of Moratuwa ↗		• CodeTerriers (PVT) LTD ↗	

WORK EXPERIENCE

Intern | People's Bank 2023 - 2024

I was employed at People's Bank where I proactively sought new tasks like meeting client needs and completing shifts that had a high level of difficulty in need of problem solving, all while being active in the local community and excelling at the fast paced office setting.

LEADERSHIP & ACTIVITIES

Active Member – University Leo Club
member of the University Karate Club
